All the terms and condition in the above stated Unilever Purchasing Agreement are applicable to this Statement of Work.

1) Statement of Work:

Client: HUL GST Registration No. 27AAACH1004N2ZT
Project Name: I&A Data Lake
Statement of Work: Jan 2023 to Mar 2023 (3 months)
MSA/UPA Agreement#: CW67101
Project Code: I&A Data Lake
Supplier GST Registration Number: 29AAEFE1763C2ZN
Supplier Service Account Code: 998313

2) Project Background:

The Project helps Unilever in having a cloud-based system called 'Data Lake'. This Project further helps Unilever in building Centralized repository of data to support storage, analytics, visualization and action.

Project Scope & Approach

3) Overall Project Scope:

Our experienced professional would assist Unilever in testing the object logic mentioned in the functional specs and comparing the data against control system.

4) Geographical Scope:

Geographical scope includes all the Global landscapes of Unilever. EY resources will work out of Unilever Bangalore locations to reap benefits of cost advantages.

5) Functional Scope:

Project will be led by ES IT Innovation Director and the Global solution Delivery project team consisting of ETS Enterprise Solutions and EY will be formed.

6) Systems Scope:

- This is a non-system consulting project and hence involves not system changes as part of its scope.
- We will not identify, address or correct any errors or defects in your computer systems, other devices or components thereof ("Systems"), whether or not due to imprecise or ambiguous entry, storage, interpretation or processing or reporting of data. We will not be responsible for any defect or problem arising out of or related to data processing in any Systems.

7) Technical Scope:

EY team is not involved in technical scoping or delivery of technical parts in the project. EY team will help Unilever project managers in driving the project. Details are as follows:

- Our Project / Program management professionals would assist Unilever in managing and executing complex program that focuses on delivering value, reducing risk and enhancing enterprise alignment.
- Work with various work streams and business functions in defining process efficiency identifying needs and purposes, drive cost optimization through continuous monitoring and standardized approach.
- Collect and deliver information progress within the business function to key stakeholders.
- Improve communication and decision-making process to help project achieve the strategic objectives.
- Knowledge management by maintaining repository of plans, processes, work stream reports.

8) Project Approach:

- Our team of experienced professionals would assist Unilever in managing and executing activities with respect to with regards to the development of systems and processes to enable the transition of supply and distribution management activities.

9) Project Timelines:

- Unless otherwise agreed, and subject to the terms and conditions, this SOW is valid till 31st Mar 2023.

10) Project Team Structure:

- EY project team will consist of following resources:
 - Lead Consultant (2 nos.)

11) Overall Project Assumptions:

- The calculation of fees is based on the man days per team member and the standard agreed rates as per agreement between Unilever and EY
- Fees are defined assuming India based resources only. Additional costs will be incurred for deploying EY resources from other regions/EY local resources for respective countries.
- Travel expenses will be billed as per actual and as per the standard contract between Unilever and EY

Team Scope, Deliverables and Key Activities

12) Team Scope:

This document covers the roles and responsibilities of the following teams, within the scope of the overall team structure.

a) EY Responsibilities

Deliverable	Type of Deliverable	Completion date
Governance and communications	Weekly meeting / presentation / excel	On going
