Between

Unilever U.K. Central Resources Ltd, 100 VE, Victoria Embankment, London

& Ernst & Young LLP for Project - Procurement Data Insights DE

Further to the Engagement Agreement dated **25th July, 2023**, in connection with Ernst & Young LLP ("we" or "EY") performing professional services for Unilever U.K. Central resources Limited be read in conjunction with Unilever Purchasing Agreement or Master Service Agreement CW67101 executed on 1st May 2019 Between Unilever U.K. Central Resources Ltd And Supplier name Ernst & Young LLP. All the terms and condition in the above stated Unilever Purchasing Agreement are applicable to this Statement of Work.

1) Statement of Work:

Client: Unilever U.K. Central Resources Ltd
Project Name: Procurement Data Insights DE
Statement Of Work:- Jul 2023 to Dec 2023
MSA/UPA Agreement#: CW67101
Project Code: Procurement Data Insights DE

2) Project Background:

Unilever's Procurement IT team, which is responsible for delivering IT solutions for the Procurement function. The Scope of the given Project is to deliver impactful data insights to the business using Power BI and machine learning.

3) Overall Project Scope:

Our experienced professional would assist Unilever in managing complex programs across supply chain projects that focus delivering value, reducing risk and enhancing enterprise alignment.

4) Geographical Scope: Geographical scope includes all the Global landscapes of Unilever. EY resources will work out of Unilever Bangalore locations to reap benefits of cost advantages.

5) Functional Scope: Project will be led by ES IT Innovation Director and the Global solution Delivery project team consisting of ETS Enterprise Solutions and EY will be formed.

6) Systems Scope: This is a non-system consulting project and hence involves not system changes as part of its scope.

We will not identify, address or correct any errors or defects in your computer systems, other devices or components thereof ("Systems"), whether or not due to imprecise or ambiguous entry, storage, interpretation or processing or reporting of data. We will not be responsible for any defect or problem arising out of or related to data processing in any Systems.

7) Technical Scope: EY team is not involved in technical scoping or delivery of technical parts in the project. EY team will help Unilever project managers in driving the project. Details are as follows : -

EY team will support Unilever in the following areas, as part of this program:

- i. Dashboard design
- ii. Dashboard development
- iii. Data Insights and Analytics

8) Project Approach: Our team of experienced data engineering professionals would assist Unilever in managing and executing activities with respect to analysis of procurement data, from Unilever Bangalore, utilizing standard templates and tools for review, analysis and presentation of the results.

9) Project Timelines: Unless otherwise agreed, and subject to the terms and conditions, this SOW is valid till **31st December 2023**

10) Project Team Structure: EY project team will consist of following resources

- Lead Consultant

11) Overall Project Assumptions: The calculation of fees is based on the man days per team member and the standard agreed rates as per agreement between Unilever and EY

12) Fees are defined assuming India based resources only. Additional costs will be incurred for deploying EY resources from other regions/EY local resources for respective countries.

13) Travel expenses will be billed as per actual and as per the standard contract between Unilever and EY

Team Scope, Deliverables and Key Activities

14) Team Scope:

This document covers the roles and responsibilities of the following teams, within the scope of the overall team structure.

Deliverable	Type of Deliverable	Completion date
Governance and communications	Weekly meeting /presentation/excel	On going
