STATEMENT OF WORK

Between

Unilever U.K. Central Resources Ltd, 100 VE, Victoria Embankment, London

& Ernst & Young LLP for FEU – Demand Planning

Further to the Engagement Agreement dated 23rd August 2022, in connection with Ernst & Young LLP ("we" or "EY") performing professional services for Unilever U.K. Central Resources Ltd be read in conjunction with Unilever Purchasing Agreement or Master Service Agreement CW67101 executed on 1st May 2019 Between Unilever U.K. Central Resources Ltd and Supplier name Ernst & Young LLP. All the terms and condition in the above stated Unilever Purchasing Agreement are applicable to this Statement of Work.

1) Statement of Work:

Client: Unilever U.K. Central Resources Ltd.

Project Name: FEU – Demand Planning

Statement Of Work :- 23rd August 2022 – 30th Nov 2022

MSA/UPA Agreement#: CW67101

Project Code: FEU – Demand Planning

2) Project Background:

One of the key technologies under iOps program is FEU, a Machine Learning-based forecasting engine that will ingest large volumes of internal and external data and use advanced ML and AI algorithms to generate Unilever's volume forecast. The Projects Consultants form an important bridge between the business users and the data science teams.

3) Overall Project Scope:

Our experienced professional would assist Unilever in improving the ocean lane forecast by providing visibility through actual forward data

4) Geographical Scope: Geographical scope includes all the Global landscapes of Unilever. EY resources will work out of EY offices in Bengaluru and would travel to Uniops Bengaluru offices as and when required by the client.

5) Functional Scope: Project will be led by Uniops Leadership and solution delivery team consisting of EY

6) Systems Scope: This is a non-system consulting project and hence involves not system changes as part of its scope.

We will not identify, address or correct any errors or defects in your computer systems, other devices or components thereof ("Systems"), whether or not due to imprecise or ambiguous entry, storage, interpretation or processing or reporting of data. We will not be responsible for any defect or problem arising out of or related to data processing in any Systems.

7) Technical Scope: EY team is not involved in technical scoping or delivery of technical parts in the project. EY team will help Unilever project managers in driving the project. Details are as follows:

- Our Consultant would assist Unilever in managing and executing complex program that focuses on delivering value, reducing risk and enhancing enterprise alignment.
- Work with various work streams and business functions in defining process efficiency identifying needs and purposes, drive cost optimization through continuous monitoring and standardized approach
- Collect and deliver information progress within the business function to key stakeholders
- Improve communication and decision-making process to help project achieve the strategic objectives
- Knowledge management by maintaining repository of plans, processes, work stream reports.

8) Project Approach: The Demand Planning Consulting (Forecast SMEs) are expected to bring in domain knowledge, retail/CPG expertise and stakeholder management skills and hand-on machine learning skills to translate the business problems into functional features that the data science team can work on, from EY offices located in Bangalore, utilizing standard templates and tools for review, analysis and presentation of the results.

9) Project Timelines: Unless otherwise agreed, and subject to the terms and conditions, this SOW is valid till 30st November 2022.

10) Project Team Structure: EY project team will consist of following resources

- Principal Consultants

11) Overall Project Assumptions: The calculation of fees is based on the man days per team member and the standard agreed rates as per agreement between Unilever and EY

12) Fees are defined assuming India based resources only. Additional costs will be incurred for deploying EY resources from other regions/EY local resources for respective countries.

13) Travel expenses will be billed as per actual and as per the standard contract between Unilever and EY

Team Scope, Deliverables and Key Activities

14) Team Scope:

This document covers the roles and responsibilities of the following teams, within the scope of the overall team structure.

a) EY Responsibilities

Deliverable	Type of Deliverable	Completion date
Governance and communications	Weekly meeting /presentation/excel	On going
Project status report	Weekly meeting /presentation/excel	On going

b) Unilever Responsibilities

Unilever Enterprise solution managers will monitor quality standards of deliverables, evaluate whether objectives are being met and enable project management. EY is fully accountable for deliverables mentioned in part (a) above. Unilever manager will be responsible to escalate or take corrective actions where other 3rd parties are involved.

c) Specific additional terms and conditions

Our work will not be performed in accordance with generally accepted auditing, review, or other assurance standards in [the relevant jurisdiction] and accordingly does not express any form of assurance. None of the Services or any Reports will constitute any legal opinion or advice. We will not conduct a review to detect fraud or illegal acts.

Notwithstanding anything to the contrary in the Agreement or this SOW, we do not assume any responsibility for any third-party products, programs or services, their performance or compliance with your specifications or otherwise.

We have based any comments or recommendations as to the functional or technical capabilities of any products in use or being considered by you solely on information provided by your vendors, directly or through you. We are not responsible for the completeness or accuracy of any such information or for confirming any of it.

15) Deliverables

Deliverable	Type of Deliverable	Completion Date
Governance and communications	Weekly meeting /presentation/excel	On going
Project status report	Weekly meeting /presentation/excel	On going
